We have earned good reputation amongst our international customers with our **Quality Assurance**, **On time delivery** and **High Customer Satisfaction**. To ensure consistent product quality, we work within a quality system that is approved with **ISO 9001 - 2008 certification**. Our Exothermic Weld Powder meets **IEEE 837-2002** Standard & Certified by **CPRI - Govt.** for Short Circuit Current Testing and we are **Crisil Verified Company**. Strict quality checks are carried out at different stages of manufacturing and only that material which passes stringent norms finds its way in the market around the Globe.

Our customer bases are distributors, wholesalers, electrical contractors and installers, maintenance people, government bodies, equipment manufacturers etc...

Our vision

The four pillars of our vision set out the long term direction for the company where we want to go and how we are going to get there:

- We work to create a better future every day.
- We help our customers feel good, have good and get more out of life with our brands and services that are good for them and good for others.
- Whilst the company has ambitious plans for the future for its product range and its manufacturing abilities, our greatest objective will always be to maintain the highest level of quality assurance & service to the customer.
- We will develop new ways of doing business with the aim of doubling the size of our company while reducing our environmental impact.

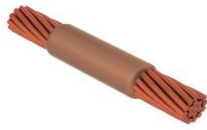

**We always believe in the power of our brands to improve the quality of people's lives
and in doing the right thing.**

Some of our Esteemed Customers

**The secret of our success is sincerity and the passion towards everyone we work with,
the communities we touch, and the environment on which we have an impact.**
